Visual Tools that Get Results

Thinking Maps® : A Language for Leadership...

is designed for school leadership teams to insure deeper levels of thinking and improved levels of student achievement. The purpose of Thinking Maps: A Language for Leadership is to use Thinking Maps as a common visual language in your learning organization for applying and improving thinking processes, communicating ideas and points of view, generating sustainable solutions, and assessing progress over time.

Participants in the training will:

- ◆ Review Thinking Maps
- ◆ Be introduced to the Thinking Maps Implementation Rubric
- ◆ Learn to use Thinking Maps as tools to facilitate organization thought processes, communication, problem solving, and decision-making
- ◆ Build personal and professional fluency with thinking processes.

If you are interested in bringing a team to this training, please complete the registration form and fax or mail it to our office in Cary, NC.
